Terms & Conditions

1. Death Benefit

This benefit will be payable provided you have paid all your premiums up to date. The minimum Death Benefit would equal 105% of total premiums paid up to time of death, less applicable partial withdrawals. The outstanding loan (including interest) will be deducted from the total Death Benefit payable.

2. Top-Up Premiums

Top-Up Premiums will be invested in separate Top-Up Accounts, each with a lock-in of 5 years from the date of Top-Up. Each Top-Up will have a Top-Up Sum Assured of 125% or 110% of Top-Up amount depending on the age of the Life Insured at the time of payment of the Top-Up Premium. Minimum Top-Up Premium is ₹ 10,000. No Top-Ups will be allowed during the last five years of the policy term. In the event of death, the higher of Top-Up Sum Assured or Fund Value in the Top-Up Account will be paid. If any loan is outstanding (including interest) against the policy, it will be first adjusted from the Top-Up Premium paid.

3. Partial Withdrawals

Partial withdrawals will be allowed after completion of five policy years. Minimum amount for partial withdrawal is ₹ 10,000. Minimum balance of one premium should be maintained in the Main Account after partial withdrawals.

Partial withdrawals must be made first from the qualifying Top-Up Account. Partial withdrawals will have the following effect on the Basic and Top-Up Sum Assured: (1) Up to the age of 60 years, Basic and Top-Up Sum Assured payable on death is reduced to the extent of partial withdrawals made from respective accounts during the two years period preceding the date of death (the applicable partial withdrawals). (2) After the age of 60 years, Basic and Top-Up Sum Assured payable on death is reduced to the extent of all partial withdrawals made from age 58 years onwards (the applicable partial withdrawals)

Where any loan is outstanding (including interest) against the policy, the amount of partial withdrawal should first be used to repay any outstanding loan (including interest), and the balance shall be paid.

4. Grace Period

There is a Grace Period of 30 days for the annual, half-yearly and quarterly mode and 15 days for the monthly mode from the due date for payment of premium. Rider benefits will cease at the end of Grace Period. If the premium is not paid until the end of Grace Period, within the next 15 days Kotak Life Insurance will send a notice to the policyholder to either revive the policy or terminate the policy without any risk cover. Notice Period is the duration of 30 days after receipt of the notice by the policyholder.

5. Discontinuance

If premiums are not paid until the end of Grace Period, Kotak Life Insurance will send a notice within the next 15 days, asking the policyholder to exercise the option to either i) revive the policy or ii) opt for complete termination of the policy without any risk cover.

The Fund Value will remain invested in the existing funds as before, until the policyholder exercises the options or till the expiry of the Notice Period (i.e. 30 days after receipt of the notice

by the policyholder), whichever is earlier. During the Grace Period and the subsequent Notice Period, the policy is deemed to be in force with risk cover as per terms & conditions of the policy and all charges are deducted. However, switching during Notice Period will not be allowed.

The policy will be considered discontinued if:

- The premiums are not paid and the policyholder has not exercised any option until the end of the Notice Period or
- The policyholder exercises the option to discontinue the policy.

The Basic Sum Assured will permanently cease in such a scenario.

- In case of discontinuance during the lock-in period of 5 years:
Fund Value of the policy after deduction of Discontinuance Charges, less outstanding loan amounts including interest (if any), will be credited to the Discontinued Policy Fund. This amount will grow at minimum interest rate of 3.50% per annum. The proceeds of the discontinued policy will be refunded only after completion of the lock-in period of five years except in case of death where it will be paid out immediately.
- In case of discontinuance after the lock-in period of 5 years:
Policy ends and the proceeds i.e. the Fund Value in Main and Top-Up Account will become payable immediately, less outstanding loan amounts including interest.

Discontinuance Charge

The Discontinuance Charges will be applicable on Main Account only and not on Top-Up Accounts. The charge applicable on the Main Account is:

Year during which policy is discontinued	Year 1	Year 2	Year 3	Year 4	Year 5 & Onwards
All Premiums	Lowest of: • 6% of AP • 6% of FV • ₹6000/-	Lowest of: • 4% of AP • 4% of FV • ₹5000/-	Lowest of: • 3% of AP • 3% of FV • ₹4000/-	Lowest of: • 2% of AP • 2% of FV • ₹2000/-	Nil

AP= Annualized Premium; FV= Fund Value on the date of discontinuance

6. Policy Revival

A policy can be revived with or without riders until the expiry of the Notice Period. All benefits will be reinstated on revival. The outstanding premium paid will be used to purchase units on the date of revival. If the policyholder does not exercise the option of revival until the end of Notice Period or opts for complete withdrawal from the policy without any risk cover, the policyholder will be deemed to have completely withdrawn from the policy.

7. Settlement Option

This plan provides an option to receive the maturity proceeds in cash or by way of pre-selected periodic installments (yearly, half-yearly and quarterly only), for up to 5 years after maturity by informing the company within 3 months prior to maturity of the policy.

On selecting the Settlement Option, the number of units to be liquidated to meet each payment shall depend on the respective fund NAVs as on the date of each payment. Partial withdrawals and switches are not allowed during this period. During the settlement period, the investment risk in the investment portfolio is borne by the policyholder. If the fund value is insufficient to pay

the desired amount of installment during the settlement period (due to volatility in the market), then the balance Fund Value will be payable and the policy will be terminated. Life cover and other benefits are not provided during the settlement period. In case of death, Fund Value shall be paid immediately as a lump sum.

8. Fund NAV's

NAV of a fund is calculated and published in financial newspapers on each business day. Net Asset Value (NAV) = (Market Value of investment held by the fund +/- the expenses incurred in the purchase/sale of assets + value of Current Assets + any accrued income net of fund management charges – value of Current Liabilities – Provisions) divided by Number of outstanding units in the Fund.

The basis used for unit pricing would be appropriation price or the expropriation price, whichever prevails on the valuation date. The Appropriation price shall be the basis used for determining unit price when the Company is required to purchase assets to allocate the units at the valuation date. The Expropriation price shall be the basis in a situation when the Company is required to sell assets to redeem the units at the valuation date.

Where premiums are paid by outstation cheques, the NAV of the clearance date or due date, whichever is later, will be used for allocation of the premium. Transaction requests (including renewal premiums by way of local cheques, demand draft, switches, etc.) received before the cutoff time will be allocated to the same day's NAV and the ones received after the cutoff time will be allocated to the next day's NAV. The current cutoff time is 3:00 p.m. which may vary from time to time as per IRDA guidelines.

Premiums received in advance will be allocated on the scheduled due dates. No interest will be paid on such premiums.

9. Loans

Loans shall be granted against the policy once two years' premiums have been paid. The rate of interest shall be determined by the Company from time to time. The maximum loan amount is ₹ 10,000. The maximum loan value is 40% of the Fund Value of the policy at that time (including any Top-Up Accounts).

The outstanding loan amount (including interest) shall be deducted from:

- Partial Withdrawals made after the lock-in period, or
- The Top-Up Premium payments made, or
- Benefits paid on maturity and death of the Life Insured, or
- The monies transferred to the Discontinued Policy Fund, after deduction of discontinuance charge, or
- Any benefit payable
